

# ZELENE PRAKSE MEST GREEN URBAN ACTIONS

22 Oct 2020 / Zoom

## Prispevek Urbane agende EU k zelenemu prehodu

Mesta in lokalne skupnosti med prvimi sprejemajo ukrepe za zmanjšanje vplivov na okolje in se uspešno prilagajajo na podnebne spremembe. Navdušujoče rešitve za pravični zeleni prehod dvigujejo kakovost življenja prebivalcev in skupnosti. Spoznali bomo zelene prakse mest, ki sodelujejo v partnerstvih Urbane agende za EU.

Podnebne spremembe tudi v trenutni s pandemijo povezani krizi ostajajo eden glavnih izzivov našega časa. Številnim mednarodnim dogovorom, kot sta Agenda za trajnostni razvoj do leta 2030 in Pariški sporazum o podnebnih spremembah, se z Evropskim zelenim dogovorom, Skladom za pravični prehod in ciljem, da do leta 2050 postane podnebno nevtralna, se odločneje priključuje tudi Evropska unija.

Trajnostni urbani razvoj je načrtan z Urbano agendo za EU iz leta 2016, po sprejemu katere so se postopoma oblikovala partnerstva po posameznih področjih. Zelena partnerstva, ki imajo močno okoljsko usmeritev, poudarjajo vse pomembnejšo vlogo mest pri odzivanju na podnebno in okoljsko krizo s spreminjanjem vzorcev proizvodnje, potrošnje in delovanja. Prepoznajo tudi potrebo po sodelovanju za zmanjšanje vpliva, ki ga imajo urbana območja na okolje.

**PRIJAVA:** <https://forms.gle/op27HrhUzzsmRGQA7>

*Dogodek bo potekal dvojezično – v slovenščini in angleščini s simultanim tolmačenjem. Prijavljeni bodo prejeli povezavo do dogodka najkasneje dan pred dogodkom.*

## How is the Urban Agenda for the EU contributing to the green transition

Cities and local communities are among the first implementing measures to limit their environmental impact and successfully adapt to climate change. Inspiring solutions for a just green transition raises the quality of life of citizens and communities. We will get to know the urban actions of the cities participating in partnerships for the Urban Agenda for the EU.

Climate change even in the current pandemic crisis remains one of the greatest challenges of our time. The EU is following the examples of international agreements, such as 2030 Agenda for Sustainable Development and the Paris Agreement, with its European Green Deal, the Just Transition Fund and the objective to be climate-neutral by 2050.

Sustainable urban development is outlined by the 2016 Urban Agenda for the EU, after the adoption of which partnerships were gradually formed in individual areas. The so-called green partnerships, that have a strong green core, emphasize the growing role of cities in responding to the climate and environmental crisis by changing patterns of production, consumption and operation. They also recognize and emphasize the need for cooperation to reduce the environmental impact of urban areas.

**REGISTRATION:** <https://forms.gle/op27HrhUzzsmRGQA7>

*The event will be bilingual – in Slovene and English with simultaneous interpretation. Participants will receive an access link no later than a day before the event.*

Konferenco organizirajo Ministrstvo RS za okolje in prostor, IPOP – Inštitut za politike prostora in Skupnost občin Slovenije. Je stranski dogodek Evropskega tedna regij in mest 2020. / The conference is organized by the Ministry of the Environment and Spatial Planning of the Republic of Slovenia, IPOP – Institute for Spatial Policy and the Association of Municipalities and Towns of Slovenia. It is a side event of the European Week of Regions and Cities 2020.

## PROGRAM AGENDA

22. 10. 2020

### PRVI DEL FIRST PART 9.45–12.00

9.45 **Prijava** Registration

10.00 **Pozdrav in uvod** Welcome and intro

**Aša Rogelj**

Ministrstvo za okolje in prostor Republike Slovenije  
Ministry of the Environment and Spatial Planning of the  
Republic of Slovenia

10.15

**Marcelinne Bonneau**

URBACT

10.30 **Zelene prakse I** Green actions I

Energetska tranzicija Energy transition

**Carlos Chocarro**

Navarra NASUVINSA

Inovativna in odgovorna javna naročila  
Innovative and responsible public procurement

**Tamar Reay**

Preston

Krožno gospodarstvo Circular economy

**Igor Kos**

WCycle Maribor

11.30 **Razprava** Discussion

12.00 **Zaključek** End

### DRUGI DEL SECOND PART 13.45–16.00

13.45 **Prijava** Registration

14.00 **Uvod** Intro

14.15 **Zelene prakse II** Green actions II

Prilagajanje podnebnim spremembam Climate adaptation

**Stefania Manca**

Genoa

Trajnostna raba prostora in sonaravne rešitve  
Sustainable use of land and nature-based solutions

**Laura Walin**

Helsinki

Kakovost zraka Air quality

**Sanja Jerković**

Zagreb

Urbana mobilnost Urban mobility

**Matej Gojčič**

Regionalna razvojna agencija Ljubljanske urbane regije  
Regional Development Agency of the Ljubljana Urban Region

15.30 **Razprava** Discussion

16.00 **Zaključek** End
